

Emporium Partners Environmental Policy

Emporium Partners ApS is committed to promoting an environment that is supportive of its workers, professionalism, health and safety of its employees, partners, and other parties/stakeholders impacted by the activities of Emporium Partners ApS.

As a company we have made it our business to check all internal company procedures and processes regarding their environmental impact. We are aware of our environmental responsibilities and have established company principles to protect the environment, for instance with need to minimize waste and encouragement of renewable products. We have incorporated policies that educate our employees, acknowledge merit, and ensure respect for equal opportunities.

We priorities and add value with such environmental policies to our customers assisting them with environmentally friendly solutions within among other things responsible sourcing, Long Term Storage and excess inventory ensuring a healthy environment.

We understand the environmental impact conflicting minerals can have to our customer and their products and share the concern in the market.

Emporium Partners ApS complies with all industrial safety rules and environmental protection regulations creating a safe and healthy work place and environmentally responsible company.
